Re: Addendum #001 for RFP #15-1215

CC:

ADDENDUM # 001 for RFP #15-125 E911 Communications Consulting

In an effort to answer some questions that we have received from vendors, Clarke County is posting this addendum #001.

Q1: Is the requested analysis focused solely on the radio system, or should an analysis of the Computer Aided Dispatch and Mobile systems be included as well

A1: The Clarke County Sheriff stated that he would like the entire physical structure analyzed, to include all radios, but we are satisfied with our software systems.

Q2: Is a site visit required in order to submit a proposal?

A2: Section J: 1 and 2 on page 7 of the RFP states:

"The Contractor shall be presumed to have made a reasonable inspection of the premises before the due date of proposal submission and shall be held responsible for all information available through such inspections."

"Submission of a proposal will be a confirmation that the vendor did make a site inspection and is aware of all conditions affecting performance and price."

A site visit is required to submit a proposal. Vendors can schedule a site visit by emailing Travis Sumption at tsumption@clarkecounty.gov or Pam Hess at phess@clarkecounty.gov. Please provide at least 24 hours advanced notice of your proposed date and time for your visit. Site visits will only be done on weekdays during the hours of 9 a.m. to 3 p.m. EST.

Q3: Will the County consider extending the due date to provide vendors with additional time to submit a proposal.

A3: In order to provide vendors with some additional time to complete their site visit and prepare their proposals, Clarke County is extending the due date for this RFP to Monday, December 21, 2015. All proposals must be received in the Clarke County Purchasing Office before 3:00 p.m. on Monday, December 21, 2015.

Please complete the bottom portion of this and include a signed copy with your bid form.
